• Ledgestone Collection is packaged for tight fit installation.
• All other collections packaged using a 1/2" mortar joint.
• NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
• Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
• For best results of color and texture, work from as many packages as possible.

Design & Detail Recommendations
Information on the proper design and detail of the backup structures and other design information for NSVI stone can be found in the 2016 TMS 402/602-16 Building Code Requirements and Specifications for Masonry Structures.
